Upon receipt of this order form we will e-mail you an e-invoice. Make your check or credit card payment electronically from that e-invoice. Snail-mail or telephone orders greatly slow the process and are more error-prone. Help us serve you efficiently by emailing your completed form.

Use this space to draw a diagram of how you want your walls set up, indicating the length of each. Be sure to also include the light trusses if you've ordered them as well.
